Dear Parents/Carers

As school governors, we are dedicated to ensuring that every child has access to enriching educational experiences, including school trips, which play a vital role in their learning and development.

In past years we have noticed an increasing number of parents not paying or contributing towards their children's school trip fees. This situation places a strain on the school's budget, as we have been compensating for these unpaid fees to ensure no child misses out, as we strongly believe that all children should have the opportunity to participate in these activities regardless of their financial circumstances.

To continue providing these valuable experiences for all children, we kindly request that parents and carers make a concerted effort to pay for their children's school trip fees. We understand that financial difficulties can arise, and if you are experiencing hardship, we urge you to contact the school office to discuss potential support options, including an option to pay in instalments.

In the last academic year, school have subsidised school trips/events by £1,100.

We believe that by working together, we can maintain the quality and availability of our school trips without compromising the school budget or the educational opportunities for any child.

Thank you for your understanding and cooperation.

Kind regards.

Yours faithfully

On behalf of the School Governors
