1. Staff and Volunteers

Child Safeguarding Statement

Staff need to ensure that there may be issues relating to a child's behaviour as a result of child protection issues. Where staff have any concerns of this nature the agreed steps outlined in the school's 'Child Protection Policy' should be followed.

School Policy

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- that staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- that school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- that staff are protected from potential risk in their use of ICT in their everyday work.

The school will try to ensure that staff and volunteers will have good access to ICT to enhance their work, to enhance learning opportunities for students / pupils learning and will, in return, expect staff and volunteers to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users. I recognise the value of the use of ICT for enhancing learning and will ensure that students / pupils receive opportunities to gain from the use of ICT. I will, where possible, educate the young people in my care in the safe use of ICT and embed e-safety in my work with young people.

For my professional and personal safety:

- I understand that the school will monitor my use of the ICT systems, email and other digital communications.
- I understand that the rules set out in this agreement also apply to use of school ICT systems (eg laptops, email, VLE etc) out of school.

2. Pupils

Flash Ley Primary School is committed to safeguarding and promoting the welfare of children. All pupils use computer facilities including Internet access as an essential part of learning, as required by the national curriculum, therefore, gaining pupils' and parents' agreement to e-safety rules is important.

This is to be obtained once a year at the same time as checking home and emergency contact details. To ensure clarity, the e-safety Rules appropriate to the age of the pupil will be included with the letter to parents.

A list of pupils whose parents have not consented for Web publication of works and photographs and for internet access will be held in the office for staff to refer to when appropriate.
