

About Our Governors:

Mr Gavin Tuach - Chair

I was elected as Co-Opted Governor in November 2021. Alongside my Governor role, I served 22 years in the Royal Navy, leaving as a Warrant Officer. I am now a Team Leader at Barclays Bank within Global Fraud Management. I have also continued my personal development with a BA (Hons) in Business Management and undertake voluntary work within the Staffordshire community.

With two daughters attending Flash Ley, I am motivated to help the school thrive and to ensure the pupils have the best possible experience and education.

Mr Oviemuno Oke - LA Governor

I am passionate about working with people to ensure I have a better community anywhere I find myself. In my spare time, I like to spend time with family, watching football and listening to music.

I am drawn to the role of a school governor or trustee due to my unwavering commitment to education and community development. My multifaceted professional background, particularly my extensive experience as a Business Analyst in varied sectors, aligns seamlessly with the strategic guidance and oversight responsibilities that characterize the role of a school governor.

The role of a school governor, in my view, extends beyond administrative functions; it involves actively participating in shaping the learning environment and ensuring financial resources are optimally utilized for the benefit of the students.

In conclusion, the prospect of contributing to a school's strategic development, ensuring financial prudence and advocating for positive change aligns with my values. I believe that my diverse skill set, coupled with a deep commitment to education, is the reason I want to be a school governor at Flash Ley Community Primary School and volunteer my time to develop education in my community.

Mrs Danni Norton – Parent Governor

As a dedicated parent and experienced professional in children's residential care, I am passionate about ensuring every child receives the best possible education and support. With over 16 years of experience in children's services, including my current role as a Registered Manager, I understand the importance of a nurturing and structured environment for young people to thrive.

As a parent of a child with additional needs, I have first-hand experience navigating the education system and advocating for the right support. I am committed to working collaboratively with the school to ensure inclusivity, champion the voices of parents and pupils, and contribute to positive outcomes for all children. My goal is to strengthen the partnership between families and the school, ensuring that every child, regardless of their needs, can succeed.

Mrs How – Staff Governor

My name is Mrs. How, and I am proud to be part of the Flash Ley family for nearly 10 years now (where has the time gone?). My role focuses on teaching Year 2 and ensuring that Key Stage 1 runs smoothly.

Maths and Science are my favourite subjects, and I am passionate about creating an engaging, inclusive learning environment where every child strive.

I also serve as a partnership coordinator for the Ogden Trust, where I work to strengthen links with other schools and the community through STEM initiatives. In a past life, I have taught in Thailand and Northern Ireland, which has enriched my teaching experience.

I am looking forward to representing the staff on the Governing Board. Together, our staff is united in our passion for creating a school where all believe they can achieve.
